- (ii) VLS proposes to consolidate the 'commerce' business operations undertaken by it along with the businesses undertaken by its subsidiaries. In view of the same, VXLS is proposed to be amalgamated into and with VLS on and with effect from the First Appointed Date. Further, having a layered structure is creating operational inflexibilities on areas such as cash management, operational overheads and increased corporate filings. In view of the same, the proposal is to amalgamate VXLS into and with VLS to:
- (a) enable appropriate consolidation of activities of VXLS and VLS with pooling and more efficient utilization of their resources, greater economies of scale, reduction in overheads and other expenses and improvement in various operating parameters;
  - (b) achieve consolidation, greater integration and flexibility which will maximize overall shareholder value and improve the competitive position of the combined entity;
  - (c) achieve greater efficiency in cash management and unfettered access to cash flows generated by the combined entity which can be deployed more effectively to fund organic and inorganic growth opportunities; and
  - (d) save costs as a result of flow from more focused operational efforts, rationalization, standardization and simplification of business processes, elimination of duplication and rationalization of administrative expenses.
  - (e) The Amalgamation will result in reduction of multiplicity of entities, thereby reducing compliance cost of multiple entities viz., statutory filings, regulatory compliances, labour law/ establishment related compliances.

### 3.2. Part B: Demerger of Commerce Education Business from VLS into JSCEL

- (i) In order to achieve the objective referred to above, the Commerce Education Business (*as defined in the Scheme*) of the Demerged Company is proposed to be demerged into JSCEL on and with effect from the Second Appointed Date, and after successful completion of the Amalgamation of VXLS into and with VLS in terms of Part II of the Scheme. Consequent to the Demerger, the Resulting Company New Equity Shares issued by the Resulting Company will be listed on the Stock Exchanges after seeking an exemption from compliance with Rule 19(2)(b) of Securities Contracts (Regulation) Rules, 1957, in terms of Rule 19(7) of Securities Contracts (Regulation) Rules, 1957 read with the SEBI Scheme Circular.
- (ii) The Demerger is expected to result *inter alia* in the following:
- (a) In light of the distinctive profile of the Commerce Education Business, housing the same in a separate listed entity would enable crafting of the next horizon of growth and sustained value creation for shareholders through sharper focus on the business

anchored on a differentiated strategy aligned with industry specific market dynamics;

- (b) JSCEL is a newly incorporated entity which will have the ability to raise capital from equity and debt markets towards funding its growth requirements;
- (c) JSCEL, as a focused entity, would attract the right sets of investors, strategic partners and collaborators, whose investment strategies and risk profiles are aligned more sharply with the Commerce Education Business;
- (d) This Scheme would unlock the value of the Commerce Education Business for existing shareholders of JSCEL through independent market driven valuation of their shares in JSCEL which will be listed pursuant to this Scheme, along with the option and flexibility to remain invested in a pure play Commerce Education Business focused listed entity.
- (e) This Scheme will ensure long term stability and strategic support to JSCEL and also enable the leveraging of cross synergies between the two companies.

### 3.3. **Part C: Reduction and cancellation of the pre-scheme share capital held by VLS in JSCEL**

Upon successful completion of the Demerger in terms of Part III of the Scheme, the entire pre-scheme share capital of JSCEL held by VLS shall be cancelled and reduced in accordance with Part IV of this Scheme to ensure independent holding of the entities in the hands of the shareholders without any cross holding.

## 4. **Need for the Arrangement**

- 4.1. VLS is a company listed on the Stock Exchanges and is predominantly involved in providing education and allied services in disciplines such as government test preparations, commerce, information technology, software and other support services towards primary, secondary and tertiary education. Over the past two years, VLS has developed the Commerce Education Business primarily focusing on test preparations for chartered accountancy (“CA”) and allied courses, examinations and upskilling programmes in association with the National Skill Development Centre initiative of the Government of India. The acquisition of marquee players in the CA test preparation space such as ‘JK Shah’ classes, Tapasya Educational Institutions, BB Virtuals / Publications, Navkar Coaching Institute, either directly by VLS or through its subsidiaries, has enabled VLS to reach / achieve a dominant position in the market.
- 4.2. The Committee has realized the need to carve-out the Commerce Education Business to concentrate on the development of the specific vertical, attract new investors and unleash its independent value. The Scheme is being proposed to achieve this objective.

- 4.3. VLS engages in operations across various segments within the examination training sector, including the commerce education segment. Over time, the commerce education business has matured significantly and is now well-positioned to pursue its own growth trajectory as a standalone listed entity within the rapidly expanding education industry. It will continue to benefit from the Company's institutional strengths, strong brand equity, and established goodwill.
- 4.4. To enable this transition, a scheme of arrangement is proposed to amalgamate VXLS with VLS and demerge the Commerce Education business from the Company's other operations into JSCEL and subsequent listing of JSCEL as an independent entity dedicated to Commerce Education. The proposed Scheme aims to:
- (i) Enable focused and accelerated growth by allowing JSCEL to pursue a differentiated strategy tailored to the dynamics of the education sector;
  - (ii) Offer shareholders enhanced flexibility, giving them the choice to invest in a pure-play commerce education business;
  - (iii) Optimize capital structure and attract a distinct set of investors, strategic partners, lenders, and stakeholders with specific interest in the education domain;
  - (iv) Unlock shareholder value by creating a dedicated platform for Commerce Education with clear strategic direction and operational independence.

### 5. Synergies of Business of the Entities Involved in the Scheme

- 5.1. The proposed Amalgamation and Demerger will result in the formation of a separately listed entity focused exclusively on the commerce education business, thereby unlocking its intrinsic value for the Company's shareholders. JSCEL will continue to benefit from the Company's established brand reputation, sustainability practices, skilled talent pool, advanced digital infrastructure, strong governance framework, and efficient systems and processes.
- 5.2. Conversely, the Company will gain from JSCEL's focus in developing innovative and high-quality services in the commerce education business space. Overall, the proposed structure is expected to generate synergistic advantages for all stakeholders involved, fostering mutual growth and value creation.

### 6. Impact of the Scheme on the Shareholders

- 6.1. The Scheme by way of segregating and consolidating Commerce Education Business is expected to be beneficial to the shareholders of the Company and JSCEL as it would enable crafting of the next horizon of growth and sustained value creation for shareholders.

- 6.2. All the shareholders of the Company shall, upon the arrangement, be the ultimate beneficial economic owners of JSCEL and upon allotment of equity shares as per Share Entitlement Ratio, the ultimate beneficial economic interest of the shareholders in the share capital of JSCEL shall be the same as in the share capital of the Company.
- 6.3. Further, the shareholders will have the option and flexibility to remain invested in a pure play commerce education industry focused listed entity. The shareholders will also inter-alia benefit from the Company's strategic support to JSCEL, long term stability under the proposed arrangement and continued access to synergies for all entities involved.
- 6.4. Thus, the Scheme is expected to be beneficial to the shareholders of the Companies.

## 7. Cost Benefit Analysis of the Scheme

The Committee is of the view that the benefits of the Scheme for the Company and its stakeholders as stated above would far outweigh the transaction costs relating to its implementation.

## 8. Recommendation of the Audit Committee

- 8.1. The Audit Committee has reviewed the SER Report and noted the recommendations that the proposed Share Entitlement Ratio is fair and reasonable. Further, the Fairness Opinion has confirmed the recommended Share Entitlement Ratio in the SER Report as being fair to the shareholders of the Company
- 8.2. Taking into consideration the draft Scheme, SER Report, Fairness Opinion, need for the Scheme, rationale of the Scheme, synergies of business of the entities involved in the Scheme, impact of the Scheme on the shareholders, cost benefit analysis of the Scheme, and other relevant documents, as placed, the Committee, after due deliberation and consideration, recommends the draft Scheme for favorable consideration and approval by the Board of Directors of the Company, Stock Exchanges and other appropriate authorities.
